

What Can You Buy Game

On a shopping excursion, add a little friendly competition into the outing for a memorable experience. The goal is to see what is the best item that can be bought for a budget of only \$5.

Directions:

1. Divide everyone into teams of five. Decide if you or another passenger will serve as the game's judge.
2. Either ask each player to bring one dollar or hand out \$5 to each group.
3. Send everyone on their shopping excursion with the mission that they determine the best item they can find with the overall budget of \$5. They must purchase the item and bring it back to the motorcoach with the receipt.
4. When the teams return, review the items and receipts for each team. You or another designated judge will choose the winning team with the best items.
5. Award a worthy prize, such as shopping gift cards or another fun destination-related gift.
